

Spring Dew Berries

Berries are always a warm and inviting reminder of Nature's beauty.

Spring dew enhances that beauty as it twinkles in the morning sun.

What could be better than a pretty fingerless mitt with the textures and colours of berries and glisten of dew drops for a chilly Spring day.

Easy knit for novice to expert in three sizes.

Cosy double knitting yarn and simple stitch patterns with the added luxury of a sprinkle of beaded embellishment make this a 'must have' for any knitter's accessory wardrobe!

Graphics are all on page 1 of pattern to make printing without colour easier!
